PROFILE

With training in architecture and a passion for visual storytelling, I bring expertise in 3D design, cross-functional collaboration, and user-centered design thinking to the digital realm. My work bridges spatial design and product visualization to define visual systems, craft immersive 3D and AR experiences, and shape cohesive visual languages across digital and physical platforms.

WORK EXPERIENCE

Immersive 3D Technologies & Spatial Computing | Independent Study 2023–Present

- Designed and developed ArchVue3D, an interactive browser-based 3D platform blending architecture, storytelling, and real-time technology through React and Three.js, with ongoing exploration into WebXR integration for immersive, spatial interaction.
- Experimented with shaders, lightmaps, and UI systems—integrating AI-assisted 3D workflows to craft playful, tactile visual experiences and accelerate concept iteration.

Architect & 3D Designer

SmithGroup | Washington, District of Columbia 2015–Present

- Lead immersive visualization efforts for high-profile architecture projects, transforming conceptual designs into real-time 3D environments and interactive AR,VR, MR and real-time experiences.
- Designs innovative and visually compelling concepts for the built environment, while considering human-centered design best practices.
- Manages system coordination on large-scale projects involving multi-disciplinary teams of engineers and designers to ensure seamless execution.
- Instrumental in winning over \$900M in new projects by developing strategic design concepts in FY2024.

Architect

Miles Associates | Oklahoma City, Oklahoma 2012-2015

- Led 3D visualization efforts by translating design concepts into photoreal product visuals and animations, along with identifying software and workflow improvements.

SKILLS

Design | Wireframing, Prototyping, Design Systems, Accessibility, Storytelling, Physical Prototyping, Creative Coding, Parametric Modeling, Product Rendering, Lighting & Shading

Tools | Blender, Unreal Engine, SketchUp, Lumion, V-Ray, Revit, AutoCAD, Photoshop, Illustrator, InDesign, After Effects, HTML, CSS, JavaScript, React, Three.js, WebGL, React Three Fiber, Figma

AWARDS & LEADERSHIP

Guest Speaker , Howard University	2024
Guest Speaker , George Washington University	2020
Panel Moderator , Summer Leadership Summit	2019
Next Generation Scholar , Summer Leadership Summit	2018

EDUCATION

Bachelor of Architecture , University of Oklahoma	2012
Bachelor of Architecture , École Nationale Supérieure d'Architecture , France	2010
